Synopsis

DIY Repellents Natural, Homemade Repellents To Keep Mosquitoes And Ants Away + Organic After Bites Remedies If you are planning a picnic outside, yard work or you just want to relax in your backyard, chances are that bugs will force you to run inside. You may now think that you can simply cover up and avoid mosquito bites, but have you forgotten that summer is hot? If you are too desperate, you will probably first grab one of those commercial bug repellents. There's a number of these out there that you can turn to for help, but think twice. Your skin deserves to be treated with respect, so, why don't we try to find natural and safe alternatives? By the way, these organic alternatives smell amazing. Just think about the relaxing lavender, sensual geranium, refreshing mint, etc. Plus, they all deter bugs and all the other flying pests that can ruin your time spent outside. Moreover, you don't have to worry because you can easily find all the ingredients you need for these repellent recipes. Have I mentioned that it takes just a couple of minutes to make the repellents and do away with bugs? You'll find that the book has several chapters, plus one bonus chapter for all of you who are afraid of ticks. If you have already got bitten by these pests, then you'll be glad to find out that the book also gives you after bite recipes that will soothe this annoying itching.
