Customer Reviews

Not a bad guidebook, but no different than the 1995 version. Literally, it has a Copyright 1995 on the inside cover. All falcon did was update the cover and release a new edition. Buy a used copy of the 1995 version for a dollar and save yourself some money.

I purchased this book for a rock climbing friend. He was thrilled to receive such and said the Falcon Guides for rock climbing are the most useful guides out there.
