Customer Reviews

What I didn't realize was that the Student Solutions meant all the answers. I didn't pay attention to it and then was out of a book for a weekend. It came in great condition so the only thing that was wrong was my own fault for not paying attention. Now it seems obvious so I do feel a bit dumb but I honestly didn't really pay attention because it came up when I pasted the ISBN in. But! If you want it---- It's nice.
