No New World Order Survival Guide

Synopsis

We all have different ideas on how the world might end, be it from an economic collapse to some kind of worldly or unworldly disaster. I just hope that this survival guide will help you if the time ever comes. There will be a second book coming out based on how to better prepare for, let's say, a polar shift to Nuclear War. Like most people out there, I am a parent and to think that my little girl will not have a life or some kind of future is not an option in my mind. Survival is man's most basic instinct and with the No New World Order Survival Guide you will be able to do just that, by learning how to make shelters, find water sources, catch wild game, preserve your meat, and much, much more.

Customer Reviews

Seriously a weak book if you can call it a book, more like a pamphlet. About 38 pages of text on a small footprint with large text that you can read without your glasses. This book would not qualify for a reading assignment for my 4th grader. Very general information without any specific details. Save your money for something else

Very infomative, good read.

Thank you.
