Customer Reviews

Great navigational map. I have purchased other National Explorer maps and this one was no different. Updated to show current portages and camp sites.

This is great for planning trips and routes. You still gotta get the detailed maps for navigation on your trip, but this is perfect for planning.

The heavy, coated paper will help it survive a trip to BWCAW (plus putting it in a map case). Great for planning and investigating routes.

This is a very nice map of the entire BWCA. I will use it to plan many trips. It is good and sturdy so it will hold up for a long time.

Nat Geo maps are excellent in both their content and construction.
