Synopsis

Layla Winters is out of shape, out of breath, and out of luck. After a series of strange circumstances, she finds herself hanging from Montana's highest cliff without a hope to survive. Customer Reviews

Canadian author Kim Fox is a paranormal romance writer who loves bear shifters and the tough,

curvy women that can handle them. The subsection of paranormal romance stories requires a special gift and Kim has that. For those new to the genre, shape shifters are human forms that can change into the form of an animal (or vice versa, depending on your stance!). Kim focuses on bears as the shapeshift form of choice. THE CLAWED SQUAD: STETSON is Book 1 in the new series âThe Bear Shifters of Clawed Ranch.â™ Or as Kim phrases it, this series is a new bear shifter series on the Vega Brotherâs Ranch. THE CLAWED SQUAD: ROYAL is Book 2 in the series, or as Kim phrases it, âthe Clawed Squad were an elite military group of bear shifters who had spent the past seven years traveling around the world and fighting on dangerous missions. That was all in the past, though. They had hung up their guns and bulletproof vests in exchange for shovels and gardening gloves. They had recently acquired four thousand acres of a beautiful Montana ranch from their friends, and now neighbors, the Vega brothers after doing them a favor.â™We know the location (Montana), the Clawed Ranch, and so it is just a matter of introducing the new elements of Book 3, THE TWINS. Going right to the synopsis: âLayla Winters is out of shape, out of breath, and out of luck. After a series of strange circumstances, she finds herself hanging from Montanaâs highest cliff without a hope to survive. That is until two identical twin bear shifters come racing up the mountain to save her. Slate and Karl Ember are two bear shifter twins looking for a mate. Karl wants to complete the triad which is any twin bear shifterâs destiny but his brother Slate has a problem with sharing, and thereâs no way that Slate is going to share a mate.
