## Customer Reviews

Great set of lectures. If someone you love dies, you tend to take on their characteristics to "keep them alive." The lectures go over how to handle this problem. Just by being aware can really help. Mr. Hubbard is talking to trained students during his lecture circuit to auditors and there is a lot of information in here. Quite inexpensive.

This is really dumb.It says that after someone who you love dies you then become that person.And only scientology can help you.
