Customer Reviews

This is a wonderful book for children and adults. The author keeps you in suspense as he tells a variety of very interesting survival stories. I loved the stories because they show the importance of the undying will of the human spirit. The story of the pilot who was sucked out of a plane in air is my favorite. I found myself thinking what I would do in every situation. Great book!

A few good stories.. Mostly older stories.. 1930's and such. I just thought it was a more modern book. But regardless it held my attention and I learned things I didn't know. The Apollo story is amazing.

great book
